FARM TO TABLE

Dinner

The American Cancer Society Farm to Table Dinner targets a select, affluent central PA audience interested in quality wine, beer and food. The price level of the event ticket is geared toward a sophisticated customer base and seating is limited.

The menu, prepared by local chefs, represents a celebration of seasonal flavors supported by beverage pairings from local breweries and vineyards

Dear Business Leader,

Searching for an intimate networking opportunity? Looking for a unique experience to make a lasting impression? Let us tell you about the American Cancer Society's 7th Annual Farm to Table Dinner.

The American Cancer Society's Farm to Table Dinner experience brings the freshness of fields, orchards, vineyards and artisanal foods directly to your table. A local chef will prepare simple but beautiful family-style dishes for guests to savor in a beautiful setting.

This special experience not only delivers an amazing meal in an unforgettable setting, but also a chance to see and learn firsthand how the farmer, brewers, vintners, and artisanal food purveyors make the most of Pennsylvania's fertile land.

As an event sponsor, you are not only supporting the local growers, but also the American Cancer Society's continuing efforts to get well, stay well, and find cures. For your generous support you will enjoy the one-of-a-kind Farm to Table experience and also be recognized in event marketing and acknowledged at the event.

Building on the great success of past event, invitation will be mailed out to ove 1,000 people who live locally and also to numerous area organizations, newspapers and businesses. With the American Cancer Society's wide social media network, we will be heavily promoting the event.

Becoming a Farm to Table sponsor is your opportunity to show your commitment to the American Cancer Society and have a great time doing it. We invite you to visit www.acsfarmtotable.org for more information about the event.

Sincerely,

Ralph Manna
