AT THE AMERICAN CANCER SOCIETY

Our mission is simple.

SAVE LIVES AND CELEBRATE LIFE. EVERY SINGLE DAY.

The American Cancer Society was created more than 100 years ago for one purpose—to liberate the world from the threat of cancer. Thanks in part to our efforts, there has been a 23 percent decline in the cancer death rate over the past 21 years. That’s 1.7 million deaths prevented.

Today we ask you to join us as a united force against all cancers through your participation in the Cincinnati Discovery Ball in the Spring of 2019. This modern social promises to be a night you’ll never forget with live and silent auctions, dinner by the bite, entertainment and late-night dancing.

We’re attacking cancer from every angle.

WE’RE ATTACKING CANCER

by backing visionaries,
investing in longshots,
and building on hard-won knowledge
to find powerful new weapons.

WE’RE ATTACKING CANCER

by making it less scary and confusing,
less stressful,
less lonely.

WE’RE ATTACKING CANCER

by showing up every day,
driving people, boosting people,
picking them up when they’re down.

WE’RE ATTACKING CANCER

by providing a place to stay,
by building a community.
A home for healing.

WE’RE ATTACKING CANCER

with stubborn hope, relentless energy,
and a promise
that everywhere cancer rears its
despicable head,
we will be there to blunt its effects
and lessen its power.

From the cellular level to the street
level, with brilliant new thinking and in
the darkest hours, The American
